

HISTORY

From a capital of \$8,000 and a four-man operation in 1947, Dualite has grown to an annual sales exceeding \$40,000,000.00 and total employment averaging between 325 to 350 personnel.

SCOPE

Providing the largest line of standard models in the industry ... from indoor units under \$25.00 to the largest outdoor signs. A wide variety of custom-fabricated units are designed, manufactured and installed nationwide. Our manufacturing versatility enables us to offer **Total Identity Packages**.

CUSTOMERS

Over 700 diversified accounts consisting of small local, midsize regional and large national, including: *AC Delco, Agco, American Family Insurance, A&W Root Beer, Castrol Oil, Cooper Tires, Chevron, Dairy Queen, Dollar General Stores, Ford, Denny's Restaurants, Fifth Third Bank, Fuji Film, Getty Oil, H&R Block, Inn Town Suites, Kawasaki, Kroger, Little Caesars, Shell, Long John Silvers, La Quinta Inns, Michelin, Motel 6, O'Reilly Auto Parts, Panasonic, Pepsi Cola, Progressive Insurance, Quaker State Oil, Red Roof LLC, Rental Service Corporation, Sherwin-Williams Paints, Texaco, Speedway, State Farm Insurance, Subway, Valvoline, Tom Thumb, Turkey Hill, U-Haul, Yamaha.*

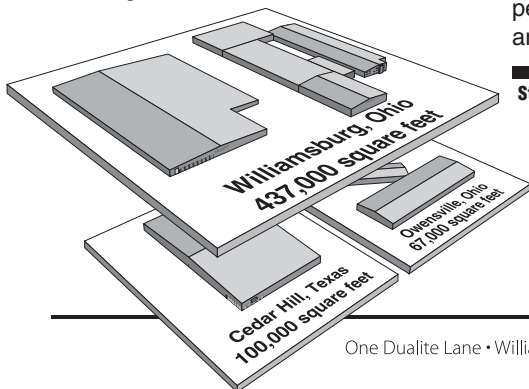

LOCATIONS

Headquarters: One Dualite Lane
Williamsburg, Ohio 45176

Texas Facility: 1586 High Meadows Way
Cedar Hill, Texas 75104

Interior Sign Production Facility:
State Rt 276 - Owensville, Ohio 45160

Regional Sales Offices:
Newton, NJ • Indianapolis, IN • Cedar Hill, TX
San Diego, CA • Cincinnati, OH

MANUFACTURING

Screen Printing

World class screen process printing in controlled environment building with twelve automatic screen presses.

Neon Production

In-house glass tube bending and gas pumping for neon illumination. Metal forming and fabrication for UL approved product.

Metal Fabrication

Gas shielded arc welding for steel and aluminum. Punch presses, press brakes, automatic saws, stretch former, power shears and power equipment. Two 35' High-bake drying ovens. Three 30' X 45' metal paint spray booths.

Plastic Forming

Heat formed plastic via vacuum press and fabricated wood molds.

Our **L.E.D.** illuminated products are an excellent example of how Dualite is constantly evaluating new technologies that allow us to offer safer, more reliable products.

SIGN CONSTRUCTION

Cabinets

Aluminum extrusion - Box frame w/ aluminum cover - Fabricated sheet metal or aluminum - Fiberglass & ACM construction - U.L. approved electrical components.

Face Material

UV Polycarbonate, Hyzod® Sunlife SL or acrylic. Vacuum formed & embossed. Screen printed or hand spray decorated. Flex material: Heat Transfer or vinyl applique decoration.

PROJECT MANAGEMENT

Complete installation and maintenance service worldwide. Our professional staff offers full site evaluation, installations and permitting services. We average over ten years experience, per person ... an assurance that your goals are met on time and to spec!

Standard Industrial Classification Code: 3993,7312
Dun & Bradstreet Number: 00-447-1272

PRODUCTION EQUIPMENT

Screen Printing Equipment

Two 8' X 25', one 8' X 12' & two Viking 6' X 12' automatic printing tables. Seven 4' X 6' high-speed tables. Three 3' X 4' high speed tables. UV dryer (4') & three (4', 5', 6') gas-fired drying conveyors for rapid curing printed product. 10' X 25' and 8' X 12' paint spray booths.

Wide Format UV Color Digital Printer

HP Scitex FB910 UV piezo print head color printer for 600 dpi full color output.

Vacuum Thermoforming Equipment

Programmable automatic double-ender for 8' X 25' plastic. Programmable automatics with ceramic heaters and pressure assist for 10' X 25' plastic. 4-stage programmable automatic with ceramic heaters for 6' X 8' plastic. Four automatic presses; two for 6' X 10' plastic and two for 4' X 6' mat'l.

Computer Controlled Equipment

8' X 18' high speed CNC router with Columbo 7.5HP spindle. 5' X 10' fine plasma CNC Cutter (cuts 1" steel). Two high speed CNC router tables, 8' X 12' & 8' X 25'. Three hi-speed vinyl cutters. Two automatic channel letter formers.

Flex-Material Sign/Awning Equipment

Two infrared heat transfer vacuum presses (5' X 12' & 7' X 17'). Two microwave material seaming units. Two auto awning stretcher racks.

Texas Facility Equipment

8' X 25' Multicam & AR600 6' X 10' routers, Shuman 8' X 20' & Brown 6' X 10' programmable plastic forming machines. Flat Bed Roller Laminator.

SERVICES

Complete Design/Engineering providing approval drawings and prototypes. Five Mac G4Dual design stations in Art Department and five CAD workstations in Engineering with cross platform capability. Canon color laser copier/printer, Nikon color film scanner, three HP scanners, 600 dpi B&W laser printers, Techjet 5500 36" printer, all networked with CNC production via CAM department.
